MR. GAUTAM KANJILAL CHAIRMAN

Dear Shareholders,

It gives me immense pleasure to update you on the overall performance of your company. Our future-oriented approach and management agility have always helped your company to overcome many ups and downs. Be it the fire in Nashik and Howrah unit, or the economic disruption caused by the introduction of the GST bill, we have always bounced back – stronger than before – from every adversity.

And so, as we reminisce about past glories, we also celebrate the present. We have further strengthened our pan-India distribution network to make deeper inroads into established and emerging markets. Post Commencement of Nashik Plant in last year, this year marked scaling up operations to reach capacity of 26160 KL.

In order to improve our profitability, we have also deployed a 360-degree strategy that is aimed at all – around development of the organization. We are working on cost optimization initiatives while simultaneously ensuring that we maintain the high product quality that we are renowned for.

To create a buzz amongst our influences (painters), this year we also introduced silver coin in our premium emulsion well ahead of season time. The same received very good and improve our emulsion saliency response from all stakeholders of industry.

These measure are already showing impressive results, with Shalimar Paints registering a robust year-on-year revenue growth of 19% in the quarter ending March 2020.

Underlining our commitment to deliver on all fronts, this year your company has launched brand campaign Har Rang Khoobsurat (HRK) to touch on the strongest vein of the country – diversity. With this, we are celebrating India's unique mix of cultures and identities while working towards a society that has broken through the artificial boundaries of religion, caste, gender and profession.

In keeping with our positioning as a socially responsible corporate company, we also did an Activity called #PaintTheChange with Kahani in a remote village of Dehradun to create awareness about local migration which is a grave issue back in the people living in the hills.

We respect that change is constant. Our strategy lies not in passively adapting to change, but proactively shaping the direction in which we move. This is why, having started from a single plant in 1902 in Howrah, Shalimar Paints today has a strong foothold in all the four zones and holds the power of adding color to the lives of millions across India, Nepal, Bhutan, Dubai and Seychelles.

I must say that this would not have been possible without your continued support and faith in us. It is with you that we have been through it all – from financial hurdles to operational recover – and come out victorious . In the end, the courage to grow together is what counts.

As a 100-year-young brand, we are barely just beginning. We are confident that, with support from the government and you Shalimar Paints will continue to scale greater heights and pursue a thousand opportunities. Let's make the world better place and paint a brighter future for the country's business ecosystem – together.

Cautionary Statement

The statements in the Board's Report and the Management Discussion & Analysis Report describing the Company's objectives, expectations or forecasts may be forward looking within the meaning of applicable laws. Actual results may differ materially from those expressed in the statement. Important factors that could influence the Company's operations includes demand and supply conditions affecting selling prices, raw material availability and prices, changes in government regulations, tax laws, economic developments within the country and other factors such as litigation and industrial relations.

COVID 19 IMPACTS

Due to the outbreak of Coronavirus Disease 2019 (COVID-19), declared a pandemic by the World Health Organization, the nationwide lockdown was imposed by the Central and State Government(s) to control the spread of the disease. Accordingly the manufacturing facilities of the Company remained closed from 23rd March, 2020 to 19th May, 2020. In compliance with the directives issued by the Government, the Company resumed operations on 20th May, 2020 in a phased manner. The Company ensured the health and safety of all involved stakeholders by enforcing all published Government guidelines for social distancing and safety. As per the resumption plan of the Company, operations will be ramped-up gradually aligned with the market outlook. The aforesaid lockdown has disturbed the economic activity through interruption in manufacturing process, disruption in supply chain, etc. The Company believes that due to strong business fundamentals, this pandemic may not have a significantly adverse impact on the operations and performance of the Company in the long term. Furthermore, the Company has also constituted an internal cross-functional COVID task force that is monitoring the situation.

Acknowledgements

We thank our customers, vendors, investors, bankers, employees for their continued support during the year. We place on record our appreciation of the contribution made by our employees at all levels. Our continuous operation was made possible by their hard work, solidarity, cooperation and support. We thank the Government of India and government agencies for their support and look forward to their continued support in the future.

**CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND
FOREIGN EXCHANGE EARNINGS AND OUTGO
Section 134 of the Companies Act, 2013 read with Companies (Accounts) Rules, 2014**

(A) Conservation of Energy

Shalimar Paints believes conservation of energy and resources, is not a choice but a compulsion, to help us save cost as well as a route to create sustainable development.

(I) Steps taken towards conservation of energy:

Shalimar Paints have four existing manufacturing facilities. Out of which 2 plants are currently in operation. All the existing manufacturing facilities continued their efforts to reduce the specific energy consumption. We have introduced systems to track and trend Energy consumption, with respect to Power purchased from grid, inhouse generation from DG, fuel used etc., on a continuous basis. We have mapped energy norms at individual machine, product, and individual block and at factory level. In addition, we have started internal benchmarking practices on energy performance, to compare the relative performance between plants. In that process, we have created platform to help share the good practices amongst different plants.

We have also instituted the process of Energy audit across all critical operations, at regular intervals and the findings of the audits are implemented. We have started engaging with external functional experts in the field, to help us understand the gaps and implement the best practices aimed at Energy conservation. All the manufacturing units continue to put their efforts to reduce the specific energy consumption. We have initiated process to do external benchmarking on specific Energy consumption, with similar scale paint manufacturing operations.

We also have instituted process to develop people capability to have our plants certified for Energy Management System – En MS – ISO 50001.

In addition, Process standardization & Batch cycle time reduction initiatives are taken to reduce the energy consumption in all our manufacturing plants. We have also working on debottlenecking few operations to help us to operate at higher throughput rate, which in turn reducing specific energy consumption.

In the recently commissioned new plant at Chennai, we have instituted Energy conservation in the design stage of the plant. The following features are built in the new plant:

- Paint manufacturing block roof structure is designed to have natural air circulation with turbo ventilators to reduce the cost of ventilation. We have already installed natural air circulation with turbo ventilators in two godown (RDC & Calcutta) at Howrah plant to reduce the cost of ventilation.
- Partial translucent roof sheets installed, aiding good lighting inside the process and storage areas, reducing cost of lighting. We have already installed Partial translucent roof sheets inside the process plant, maintenances workshop, resin plant, for sufficient day light inside the areas.
- Installed, IE3 model (energy efficient motors) in all plant operations for energy saving
- We have done energy audit at Nashik Factory. Arrested compressed air leakages and working on Power factor improvement to get it 99.3.
- In Nashik Plant, Air Compressor has been put with VFD for optimised consumption with increasing load pattern.
- In Nashik Plant, revisited the Thermic Fluid heating system and restored the insulation.
- In Nashik Plant, we have been taking trials for in line dispersers which has higher production capacity with reduced power consumption and significantly brings down the specific Power.

Efforts have been put consistently year on year to optimize the use of energy consumption in production processes and operation of utilities. A few notable measures taken last year include:

- Installation of flame proof LED lights inside of the plant. We are on the process for installing LED lights inside of the plant.
- Power factor improved at our SKBD facility from 95 % to 97 % and Chennai facility is continue to maintain above 99 %, there by energy losses in the system has been reduced.
- Proper insulation of Thermic fluid heating unit & it's pipe lines to minimize heat loss.
- Compressed air leakages were audited in plants on periodic basis and leakages were arrested.
- To optimize the power consumption at Chennai plant, lower rated compressor has been installed which has given significant reduction in power consumption.

(II) The steps taken by the company for utilizing alternate sources of energy:

We have initiated plans to install Solar panels in roof, under outsourced model where the infrastructure is funded by a third party and your company commits to a specified off take of the power generated at a cost which will be less than the present grid cost.

11. MANAGEMENT DISCUSSION AND ANALYSIS

INTRODUCTION

Established in 1902, it can be said that the history of Shalimar Paints is the history of the paints industry in India and also in South East Asia. The company is engaged in manufacturing and marketing of decorative paints and industrial coatings. The Decorative business covers both Interior and Exterior paints where it has a number of flagship brands. The Company also has tinting systems under the brand "Color Space" where it offers more than 10,000 shades across all product lines to its customers. Some of India's iconic buildings and structures such as the Howrah Bridge, Rashtrapati Bhawan, Salt Lake Stadium, All India Institute of Medical Sciences, and many others, continue to be painted with Shalimar Paints. The company currently has two operational units- Chennai (Tamil Nadu) that was set up to serve the south market in 2017 and Sikandarabad (Uttar Pradesh) set up in 2002 with the total capacity of 33,000 KL per annum. Nashik facility has also been reinstated and it is expected to have an annual capacity of 25,000 kilolitres. The operation has already started from April 2019. Howrah unit's operations remains suspended after fire broke out in 2014. The company will resume the work post clearance from the West Bengal government. The company has sales and distribution network of more than 5,300 active dealers, 32 sales depots, and 3 regional distribution centres across all four zones in India. On the back of such promising growth numbers complemented by a significant production boost, the brand is well on its way to pick up the growth trajectory soon. Apart from India, Shalimar also caters to consumers from Nepal, UAE and Bhutan. Recently, the company has added another country in its distribution channel i.e. Seychelles.

INDUSTRY DEVELOPMENT

Paint industry in India is largely dominated by organized players accounting for 65% of the market while the unorganized players accounting for the rest 35%. The Indian paint sector has grown extensively over the years at an impressive CAGR of 15%. According to forecasts, the industry was likely to surpass INR 50,000 crore by the end of 2020. The

industry is divided into two categories- decorative and industrial. Demand of Decorative Paints that hold 75% of the market is significant during the festive season that arises from household painting and other display purposes. With an increasing disposable income, the percentage of middle class is expected to expand to 69 percent by 2020. Along with this, the popularity of quality paints and increasing income in tier-1 and tier-2 cities is adding in the growth of the premium market of decorative paint industry.

Further the government of India has announced various reforms to revive the real-estate sector for both home buyers and the developers. Growing middle-class with higher disposable incomes, rising urbanization and nuclear family structure, premiumization and shorter repainting cycle, low penetration and per capita spending on painting and triggers like government focus on housing & infrastructure development, GST and e-way bill implementation, increasing consumer involvement in the painting process, growing adoption of new styles/ designs/ textures, increasing urbanization and rising disposable income are some of the major factors contributing to the growth of Paints sector.

OPPORTUNITIES AND THREATS

Paint Industry in India is driven by growth not only in construction activities but also in industrial development. Media exposure and innovative marketing initiatives by the players have also added impetus to increasing awareness about latest trends prevalent in the sector. Due to increased Government funding for infrastructure, paint industry is poised for growth. Though the decision of the GST Council to cut down the tax rates has boosted the demand, the rising raw material cost is still the biggest challenge.

Director's Report (Contd.)

As oil prices have witnessed a sharp rise in the past one year, inflationary cost pressures will continue to weigh on margins.

A further analysis of key drivers and challenges of the market indicate the factors for growth of the market including boom in real estate construction, growth in industrial sector, increase in disposable income, and increased government expenditure on infrastructure.

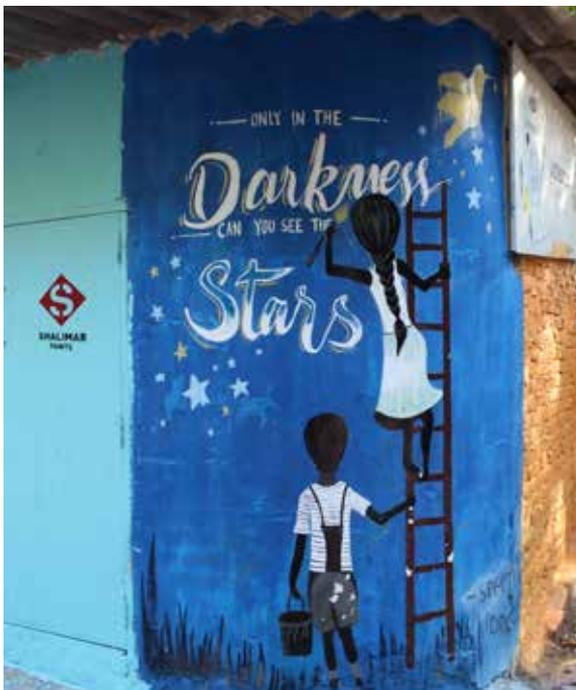

Another threat to this industry is that the competition does not lie just within the paint industry. Any brand, be it into decoration or furniture, in which a consumer is ready to spend money to decorate his home is our competitor.

Your Company is poised to grow in the Decorative as well as Industrial segment. The Company is in the process of reinforcing its current production facilities and is simultaneously expanding its manufacturing base to new geographical locations. Many new products are ready for launch in the coming months.

MARKETING

Marketing plays a vital role in generating consumer and customer awareness and interest for a consumer facing company like Shalimar Paints. The Company has followed a tiered network strategy to engage with influencer network and to upgrade the capabilities of dealers and painters in customer engagement at the stores and homes.

Keeping this in strategy in mind, this year we launched the painter loyalty program called Shalimar Paints EXPERT program where in the painters get a chance to earn loyalty points on their each purchase of our products. The registered painter base already has increased up to 19000+ painters in 6 months. The painters are getting benefitted out of these program as they have already redeeming mobile phones,

home and kitchen appliances and even automobiles from the accumulated points. This loyalty program is the biggest brand building initiative for the company within limited resources we have, as it helps in reaching & connecting to the most important influencer which is painter & contractor. 45% of the industry retail sales is triggered through this influencer.

Aimed at capturing a larger mindshare of the consumer by increasing our brand presence at the ground level, we launched ground breaking advertising campaign called "Har Rang Khoobsurat". A one-of-a-kind brand initiative to articulate its message of inclusivity and equity to audiences across India through a 360-degree marketing campaign via radio, outdoor, and digital mediums. The campaign was widely covered by mainline, ad and marketing media, presenting Shalimar as a bold brand and its approach to change opinionated and judgmental mindset of the society. 200+ coverage appeared from different centres talking about the campaign. The campaign was highly leveraged in regional markets as those were major dealer markets for the brand.

Shalimar Paints has always been at the forefront when it comes to helping others. In sync with this vision, the company has launched & executed few CSR campaigns such as Colour A Life, The Kahaani Project, and Rang Badlav Ke, among others, to spread awareness around critical challenges faced by people in our country.

The Kahaani Project was aimed at enhancing the beauty and preserving the heritage of Tauli Bhud, a village located near Dehradun, Uttarakhand. Through the campaign, we celebrated the culture and traditions of Tauli Bhud in a unique, artistic, and colorful manner. As part of the campaign, we collected folk stories from the village, converted them into images and paint them on the walls of the village homes.

Shalimar Paints, being a responsible corporate, came up with a CSR Campaign in collaboration with Shroff Eye Foundation called "Colour A Life". With this campaign Shalimar Paints took an initiative to bring colours to the lives of the blind kids, bridged the gap between the darkness & colours by introducing the concept of "Colour A Life". Shalimar Paints transformed the recovery rooms of eye hospitals by painting them with vibrant colours which gave them a view that till now would have only existed in their imaginations. Visually impaired children are gifted with special talents and if at all they need anything

Director's Report (Contd.)

it is the eye sight. Through this campaign we wanted to bring the awareness of eye donation and inspire people take a pledge to donate their eyes. The Film of this initiative garnered a lot of appreciation. It also received a prestigious VIDEA Award by InksPELL Media under "The Best Video Content in the CSR Category".

The Brand also received remarkable coverage in prominent publications including TOI, ET Brand Equity, FE Brandwagon, Afaqs, Medianews4u, Adgully, Exchange4Media etc.

On digital front, we strategically kept our communication mix of products, decor tips, color games, etc. We also did many campaigns around trending topics along with engaging posts around contests.

We capitalized on many trending topics like Diwali, Holi, Republic Day, Women's Day, etc.

#HarRangKhoobsuratPhotography contest was the contest done to gain visibility among the new audience and leverage the path breaking campaign done by the brand. The contest received very good response from all platforms with over 1500 entries and engagement rate of 20%. Digital amplification of both our CSR campaign #ColourALife activity were also done with platform specific strategy and helped the brand spread its message.

SEGMENT-WISE OR PRODUCT WISE PERFORMANCE

Industrial has always been our strength. We have a very strong hold in protective and marine coatings. Our Company had launched cost effective version of Epoxy, Poly Urethane, Zinc Silicate specially for the dealers dealing in Epoxy and Poly Urethane. We are also working on High end industrial products like Glass Flake Epoxy, Glass flake coatings offer excellent resistance to oil, gas, moisture, chemicals, and many solvents. The market is mainly driven by the increased demand for glass flake coatings to coat substrates such as steel and concrete in the oil & gas, marine, and chemical & petrochemical end-use industries. Epoxy-based glass flake coatings have different properties, including superior anti-corrosion properties and longer service life, which make them highly useful for coating steel structures used in industrial plants, tank exteriors, oil tanks, pipelines, and cooling towers. The glass flake coatings market is expected to grow at a CAGR of 4.48% from 2017 to 2022.

We also implemented integrated mono packs in smaller SKUs through retail trade to broaden our horizon and penetrate in deeper pockets. We also focused our business more towards decorative segment as this brings us closer to the customers. Today, Shalimar Paints has array of products catering to different industries and suitable to style and class across. Our range comprises of Emulsions (Exterior and Interior), Enamels, Distempers, Wood finishes, Metal surfaces Cement Paints and Putty.

We have entered into the hygiene space with the launch of Shalimar Health, under which we are introducing products like Shalimar Clean Instant Hand Sanitizer (Liquid & Gel), Shalimar Clean Fruits & Vegetables Cleaning Spray, Shalimar Clean Disinfectant Surface Spray and Shalimar Clean Multi-purpose Disinfectant. Our state-of-the-art R&D team is also constantly undertaking product research and innovations to bring across best in class quality products for the consumers. There persistent effort of developing products with cutting down the input cost but without comprising on the quality standards will definitely give us an edge over the other players in the market.

RISK AND CONCERNS

The paint sector in India is continuously facing certain challenges. Factors like rising input prices and stringent environmental regulations pose a barrier for growth.

One of the key challenges for the paint sector is price fluctuation. Since most raw materials used in the production of paint products are petroleum-based, the fluctuation in crude oil prices creates a direct impact on the final paint product that goes to the end consumer.

The cyclical nature of the decorative paints segment is the biggest loss factor that affects its sales. The demand for this segment is high only during festive seasons when people invest in white-washing and painting their homes and then go down as they redo it after a long gap of at least 3-5 years.

Import policies also play a key role in deciding the price points as most raw materials are imported from foreign countries. Any change in the tax regime can significantly escalate the painting price.

In the post-COVID era, however, the challenges will change drastically.

INTERNAL CONTROL SYSTEMS

The internal control system is an integral part of the general organizational structure of the Company. The system is highly structured and totally in sync with the size and nature of its business. This process is aimed at pursuing the 44 45 values of both procedural and substantial fairness, transparency and accountability. External audit firms are appointed at various locations of the Company to conduct regular audits. The internal control system is basically a set of rules, regulations, policies and procedures which run on softwares with in-built authorizations for enhanced control. The organisation is appropriately staffed with qualified and experienced personnel for

Director's Report (Contd.)

implementing and monitoring the internal control environment.

INFORMATION TECHNOLOGY

Shalimar Paints continues to invest in Information Technology (IT) to enhance customer experiences, improve productivity and bolster agility by refining operational efficiency through automation and better data-driven insights. IT is today embedded into virtually all operating processes of the Company's business, enabling it to successfully implement a wide variety of strategic and tactical initiatives. Shalimar Paints on Business Analytics to empower Shalimar Leadership team for speedy and accurate decisions. Implementation of advance version of Business Analytics System has helped us to get cleaner and authenticated data. Understanding the importance of Business Process along with Technology, Shalimar Paints executed the program "CBPI – Continuous Business Process Improvement" which helped the company to simplify and automate various business processes covering different functions like Sales, Supply Chain, Procurement, Finance and Manufacturing. IT Infrastructure is the central nervous system of any organisation. We ensured Shalimar Paints has robust IT Infrastructure, delivering 99.9% Enterprise IT Infra uptime. Successful pilot of RPA – Robotics Process Automation for finance and billing processes was the key highlight. The company also did the successful trial of the POC (Proof of Concept) for Chatbots to implement in Sales and HR Functions and IoT in Manufacturing Plants.

Organization can seldom rely on their manpower & manual methods for payments and treasury processes. Treasury and cash managers are interested in harmonizing and standardizing their payment infrastructure and Process to increase compliance, improve efficiency and reduce risk of frauds. Your Company implemented SAP Multi Bank Connectivity which is integrated our SAP with HDFC bank and ready to integrate with any bank. This facilitates Electronic Integration between Bank and

SAP with complex environment of communication interfaces, including point-to-point connections and secure FTP protocol connection along with fully automated stringent process to handle end to end payments in SAP to banking system. With this, we have established system with banks to automatically send payment instructions, receive status notifications, receive bank statements, and receive log messages. Leveraging the monitoring capabilities, we can now supervise the status of all payment and see bank statements & automatic reconciliation of the Bank Statement.

Shalimar Paints have hundreds of assets spread across the factories and depots. This includes, machinery in factories, furniture's and equipment's, IT Assets, Buildings, Tinting machines, Electrical equipment, various tools and electronics equipment in R&D so on. These assets were being managed in excel until now... however; it was imperative to implement EAM – Enterprise Asset Management Solution in Shalimar Paints considering large value of assets and number of assets. EAM is important because it helps to track, assess, and manage assets – Complete life cycle of Assets. Asset Management system implementation will help us to prepare detailed database of all Assets spread across offices, keep track of assets, maintain details like Purchase details, age, depreciation, locations, values, useful life, asset register as per income tax act, asset register as per company act. EAM is also integrated with Procurement Module to updates the books automatically on purchase of new asset.

Independent Auditors' Report

To The Members of Shalimar Paints Limited Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of Shalimar Paints Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2020, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year ended on that date, and Notes to the standalone Ind AS financial statements, (including a summary of the significant accounting policies and other explanatory information (herein after referred to as "the Standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India and the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read together with Companies (Indian Accounting Standards) Rules, 2015, of the state of affairs of the Company as at 31st March, 2020, and its loss, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw your attention to note no 58 of standalone financial statements which explains the management's assessment/ evaluation of the financial impact due to lockdown arising with the advent of COVID 19.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Evaluation of Trade receivables: The Company's Trade receivables included material disputed receivables & receivables against which legal proceedings have been initiated or to be initiated by the Company. The Company has made provision for trade receivables (which are significantly disputed and which are subjected to legal proceedings) for ₹ 2601.25 Lakh under the head 'Life Time Expected Credit Loss', besides regular provisioning for expected credit loss of ₹ 53.00 Lakh under the head '12 months Expected Credit Loss'. [(Refer Note 47(ii) of the Standalone Financial Statement)]</p>	<p>Principal Audit Procedures While reviewing the quality of trade receivables from realization perspective based on information & explanation made available to us, we also have relied upon the management representation with respect to fair valuation of trade receivable in accordance of applicable Ind AS which have been confirmed by the IBBI Registered Valuer recognized under Companies Act, 2013 (hereinafter referred to as 'Registered Valuer'). Trade receivables which carried significant credit risk and /or credit impaired, as evaluated in terms of provisioning thereof, have been broadly reviewed by us, on selective basis. The provision for Life Time credit loss is 100% of receivables (disputed) whereas in the previous year, it was 40%. Our audit approach was a combination of test of internal controls with respect to Trade receivable management and substantive procedures. The Audit Committee of the Company has also reviewed and approved the provisioning of Trade receivables for fair value thereof.</p>

Independent Auditors' Report (Contd.)

2	Evaluation of Exceptional Expenses The Company during the year has written off / provided for /paid substantial amount of ₹ 704.95 lakh in relation to transactions of earlier years. The said amount included 'Other balances written off –₹ 509.87 lakh [Refer Note (39.1) of the Standalone Financial Statement]	Principal Audit Procedures 'Other balances written off –₹ 509.87 lakh It comprises- (i) Sales/CST/VAT deposits written off- ₹ 384.10 lakh (on assessments completed under relevant Acts) (ii) Irrecoverable Other deposits written off –₹ 84.22 lakh (iii) Unrealizable Receivables written off - ₹ 41.55 lakh, net of credit balance of ₹ 171.77 Lakh. We have relied upon the management representation & certification while carrying out our audit. We have broadly reviewed 'Exceptional Expenses' on selective basis, as per information and explanation furnished to us. The Audit Committee of the Company has also reviewed and approved the said write off for fair valuation of current assets.
3	Evaluation of un-ascertained tax & other liabilities The Company has material unascertained disputed taxes & other liabilities shown as contingent liabilities, the determination of which involves significant management judgment. (Refer Notes 43 of the Standalone Financial Statements)	Principal Audit Procedures We have obtained the details of completed tax assessments and demands for the year ended and up to March 31, 2020 from management. We evaluated the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. We have also evaluated the disputed tax demands of earlier years having regard to legal precedence and other rulings in evaluating management's position on these uncertain tax positions. The material uncertain tax position & uncertain other liabilities, giving rise to disputed liabilities shown as contingent liabilities, have been examined by us having regard to material information & explanation furnished to us by the management. We review material uncertain tax position & uncertain other liabilities from year to year basis for changes therein.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual report comprising Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, among others ; but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Independent Auditors' Report (Contd.)

Auditor's responsibility for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing (SAs) will always detect material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the Ind AS standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (i) As per information and explanation furnished to us, the insurance claims of loss for damage of immovable & movable assets and for Loss of profit due to fire in Company's plant located at Nasik, are yet to be assessed by the Insurer & claim have been accounted for on estimated/realization basis. The Company is in arbitration for additional claim on account of fire claim at Howrah Plant (Note 53 & 54 of standalone financial statements).
- (ii) Some of the financial assets & liabilities including trade receivables, trade payables & advances are pending confirmation /reconciliation, and their impact on financial statements, if any, is unascertained (Note 59 of standalone financial statements)
- (iii) As regard disclosure in Note 44 of standalone financial statements regarding Micro, Small & Medium Enterprise, we have relied upon the information & explanation, to the extent made available to us by the management.

Our opinion on the standalone Ind AS financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of these matters.

Independent Auditors' Report (Contd.)

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.

 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company, and the operating effectiveness of such controls, refer to our separate Report in “**Annexure A**”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements. (Note 43(i) to the standalone Ind AS financial statements)
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund.
2. As required by the Companies (Auditors' Report) Order, 2016 (“the Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “**Annexure B**” a statement on the matters specified in paragraphs 3 and 4 of the Order.

Independent Auditors' Report (Contd.)

Annexure "A" to the independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' Section of our report of even date to the Members of Shalimar Paints Limited)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Shalimar Paints Limited ("the Company") as of 31st March, 2020 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management represented by the Board of directors, is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over the Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements, due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Independent Auditors' Report (Contd.)

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting, and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on 'Audit of Internal Financial Controls Over Financial Reporting' issued by the Institute of Chartered Accountants of India.

Notes to the Standalone Financial Statements for the year ended March 31, 2020

1 Overview

Shalimar Paints Limited ("the Company") is a public limited Company domiciled in India. The registered office of the Company is located at Stainless Centre, 4th floor, Plot no.- 50, Sector 32, Gurugram, 122001, Haryana. The shares of the Company are listed on National Stock Exchange and Bombay Stock Exchange.

The Company is engaged in the business of manufacturing, selling and distribution of paints, coatings and providing related services. The Company has pan-India presence through its marketing offices in all major states in India.

2 Basis of preparation of financial statements

These financial statements have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards ('Ind AS') as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 ('the Act') and other relevant provisions of the Act to the extent applicable. The accounting policies have been applied consistently over all the periods presented in these financial statements. The standalone financial statements provide comparative information in respect of previous year.

3 Key Accounting Judgements, Estimates & Assumptions:

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of income, expenses, assets and liabilities, and the accompanying disclosures at the date of the financial statements. The judgments, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision effects only that period or in the period of the revision and future periods if the revision affects both current and future years.

Income Tax

Management judgement is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets/ liabilities. The factors used in the estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

Defined Benefit Obligation

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Contingencies

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/ claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

Property, plant and equipment

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically.

4 Significant Accounting Policies

4.1) Basis of measurement

The financial statements have been prepared under the historical cost convention on the accrual basis, except for the following assets and liabilities which have been measured fair value:

- Property, Plant & Equipment (at fair value as deemed cost as at 1st April 2016);
- Financial assets and liabilities except certain investments, Loans and borrowings carried at amortised cost;
- Defined benefit plans - plan assets measured at fair value;
- Share based payments

The financial statements are presented in Indian Rupees which is the Company's functional and presentation currency and all amounts are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

4.2) Property, plant and equipment

i) Recognition and measurement

An asset is recognised as property, plant and equipment when it qualifies the recognition criteria as specified in Ind AS 16. Following initial recognition, items of Property, Plant and Equipment are carried at its cost, net of available duty/tax credits, less accumulated depreciation and accumulated impairment losses, if any. Costs include costs of acquisitions or constructions including incidental expenses thereto, borrowing costs, and other attributable costs of bringing the asset to its working condition for its intended use.

Subsequent expenditure relating to Property, Plant and Equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Costs in nature of minor repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred.

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from discard/sale of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is discarded / sold.

Capital work-in-progress includes cost of property, plant and equipment under installation/under development, other expenditure (including trial run / test run expenditures) during construction / erection period (net of income) pending allocation/capitalization as at the balance sheet date.

ii) Depreciation

Depreciation on property, plant and equipment is provided on straight line method in the manner specified in Schedule II of the Companies Act, 2013 and in respect of assets added/disposed off during the year on pro-rata basis with reference to the date of its use / disposal/residual value.

Depreciation is charged on fair valued amount less estimated salvage value. Leasehold land is amortized on a straight line basis over the remaining period of lease.

The useful lives, residual values of each part of an item of property, plant and equipment and the depreciation methods are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

4.3) Intangible assets

i) Recognition & measurement :

Intangible assets are recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and cost of assets can be measured reliably. Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any.

Amortization:

Intangible Assets with finite lives are amortized over the estimated useful economic life on straight line method

The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss. The estimated useful life of intangible assets as per management is mentioned below:

Computer Software 6 years

Trade mark 10 years

Technical know how 10 years

The amortization period and the amortization method for an intangible asset with finite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

ii) Derecognition:

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss when the asset is derecognized.

4.4) Impairment

The carrying amount of Property, Plant & Equipment, Intangible assets and cash generating assets are reviewed at each Balance Sheet date to assess impairment, if any, based on internal / external factors. If recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. An impairment loss is recognized as an expense in the Statement of Profit & Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed, if there has been an improvement in recoverable amount.

4.5) Lease Accounting

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that is not explicitly specified in an arrangement.

4.6) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) Initial recognition

The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added/deducted respectively to the fair value on initial recognition. Trade receivables and trade payables that do not contain a significant financing component are initially measured at their transaction price.

ii) Subsequent measurement

(i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognised or impaired, the gain or loss is recognised in the statement of profit and loss.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income (OCI) if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are recognised in OCI except the recognition of impairment gains or losses, interest revenue calculated using the Effective Interest Rate (EIR) method and foreign exchange gains and losses which are recognised in profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from the equity to Statement of Profit and Loss.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in the Statement of Profit and Loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest rate method. Financial liabilities at fair value through profit and loss (FVTPL) includes financial liability held for trading and financial liability designated upon initial recognition as at fair value through profit and loss.

(v) Investment in subsidiaries

Investment in subsidiaries is carried at cost less impairment, if any, in the separate financial statements.

iii) Impairment of financial assets

Financial assets, other than debt instruments measured at FVTPL and Equity instruments are assessed for indicators of impairment at the end of each reporting period. The Company recognises a loss allowance for expected credit losses on all financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

iv) Derecognition

Financial Assets

The company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expires.

v) **Reclassification of Financial Assets and Financial Liabilities**

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

vi) **Derivative financial instruments**

Derivative instruments such as forward currency contracts are used to hedge foreign currency risks, and are initially recognized at their fair values on the date on which a derivative contract is entered into and are subsequently re-measured at fair value on each reporting date. A hedge of foreign currency risk of a firm commitment is accounted for as a fair value hedge. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss.

vii) **Offsetting**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

4.7) **Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy in which they fall.

4.8) **Inventory**

Inventories are valued at lower of cost, computed on weighted average basis, or net realizable value. Cost of inventories includes in case of raw material, cost of purchase including taxes and duties net of tax credits/GST and incidental expenses; in case of work-in-progress, estimated direct cost including taxes and duties net of tax credits/GST and appropriate proportion of administrative and other overheads; in case of finished goods, estimated direct cost including taxes and duties net of tax credits/GST and appropriate administrative and other overheads including other cost incurred in bringing the inventories to the present location and conditions; and in case of traded goods, cost of purchase and other costs incurred in bringing the inventories to the present location and conditions. The obsolete/damaged items of inventories are valued at estimated realisable value.

4.9) **Provisions, Contingent Liabilities and Contingent Assets**

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects, when appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an outflow of resources embodying economic benefits is remote or the amount cannot be estimated reliably. Contingent liabilities are not recognised but are disclosed in notes. Contingent assets are not recognized but disclosed in the financial statements when an inflow of economic benefits is probable.

4.10) **Revenue Recognition**

Revenue is recognized when it is probable that economic benefits associated with a transaction flows to the Company in the ordinary course of its activities and the amount of revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and rebates granted by the Company.

Revenue includes only the gross inflows of economic benefits, received and receivable by the Company, on its own account. Amounts collected on behalf of third parties (for example, indirect taxes) are excluded from revenue.

4.11) **Other Income**

Interest Income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the

applicable effective interest rate. Interest income is included in other income in the statement of profit and loss.

Dividends

Dividend income is recognised when the Company's right to receive dividend is established, and is included in other income in the statement of profit and loss.

4.12) Employee Benefits

- i) Short term employee benefits are recognized as an expense in the Statement of Profit and Loss of the year in which the related services are rendered. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.
- ii) The Company makes regular contribution to provident funds which are administered by Government and are independent of Company's finance. The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period.
- iii) The Company is maintaining Defined Benefit Plan for its Gratuity Scheme. The gratuity fund is administered by the Trustees.

For Schemes where recognized funds have been set up, annual contributions are made as determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. Remeasurements comprising actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged / credited to Other Comprehensive Income in period in which they arise. The Company recognizes in the Statement of Profit & Loss gains or losses on curtailment or settlement of a defined benefit plan as and when the curtailment or settlement occurs.

- iv) Provision is made for leave encashment benefit payable to employees on the basis of independent actuarial valuation, at the end of each year and charge is recognized in the Statement of Profit and Loss.

4.13) Foreign Exchange Transactions

Initial Recognition:

On initial recognition, transactions in foreign currencies entered into by the Company are initially recorded in the functional currency (i.e. Indian Rupees) at rates prevailing at the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss.

Measurement of foreign currency items at reporting date:

Foreign currency monetary items of the Company are translated at the closing exchange rates and the resulting exchange difference recognised in statement of profit & loss. Non-monetary items that are measured at historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is measured. Exchange component of the gain or loss arising on fair valuation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to such exchange difference.

4.14) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs attributable to acquisition or construction of qualifying asset that necessarily takes a substantial period of time to get ready for their intended use is worked out on the basis of attributable of funds out of project specific loans and/or other borrowings to the extent identifiable with the qualifying asset and is capitalized with the cost of qualifying asset, using the effective interest method. Other borrowing costs are recognised as an expense in the period in which they are incurred.

4.15) Taxes on Income

Tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in Other Comprehensive Income

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred tax is provided on temporary difference arising between the tax bases of assets & liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is measured using the tax rate that are expected to apply in the year when the asset is realized or the liability is settled based on the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax asset is recognized to the extent that it is probable that sufficient future taxable profit will be available against which the deductible temporary differences and the carry forward unused tax credits and unused tax

losses can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Minimum Alternate tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.

4.16) Segment Reporting

The company operates mainly in one business segment i.e. Paints; accordingly sales & stock in trade represent paints & allied products.

4.17) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, bank balance, short-term deposits with original maturities of three months or less and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

4.18) Lease

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low- value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(i) Right-of-use Assets (ROU Assets)

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

(ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

4.19) Share-based payment transactions

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity settled share-based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

4.20) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

XI		Description of Risk Exposures:	Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus, the company is exposed to various risks as follow -			
	A) Salary Escalation Risk- The present value of the defined benefit plans calculated with the assumptions of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determined the present value of obligation will have a bearing on the plan's liability.					
	B) Interest Rate Risk – The Plan expose the company to the risk of fall in interest rates. A fall in interest rate will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.					
	C) Liquidity Risk : This is the risk that the company is not able to meet the short term benefit payout. This may arise due to non availability of enough cash/ cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.					
	D) Demographic Risk – The company has used certain mortality and attrition assumptions in valuation of the liability. The company is exposed to the risk of actual experience turing out to be worse compared to the assumptions.

1. The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

2. The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values, since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

3. Financial assets & liabilities under fair value hierarchy (Level 1 & 2) - Nil.

Fair value hierarchy

Level 1 - Quoted prices/NAV (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

47. FINANCIAL RISK MANAGEMENT - OBJECTIVES AND POLICIES

The Company's financial liabilities comprise mainly of borrowings, trade payables and other payables. The Company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables. The Company is exposed to Market risk, Credit risk and Liquidity risk. The Company realizes that risks are inherent and integral aspect of any business. The primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign exchange risk & interest rate risk. The Company calculates and compares the alternative sources of funding by including cost of currency cover also.

The following disclosures summarize the Company's exposure to financial risks. Quantitative sensitivity analyses have also been provided to reflect the impact of reasonably possible changes in market rates on the financial results, cash flows and financial position of the Company.

i. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of fluctuation in market prices. These comprise three types of risk i.e. currency rate risk, interest rate risk and other price related risks. Financial instruments affected by market risk include loans and borrowings, deposits, investments, and derivative financial instruments.

a) Foreign Currency Risk and sensitivity

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign exchange risk sensitivity analysis has been performed on the foreign currency exposures in the Company's financials assets and financials liabilities at the reporting date i.e. 31st March 2020, net of related foreign exchange contracts.

Notes to the Standalone Financial Statements (Contd.)

(All amounts in ₹ lakh, unless otherwise stated)

The carrying amounts of the Company's foreign currency denominated monetary items (Unhedge) are as follows:

Particulars	As at 31 st March, 2020	As at 31 st March, 2019
Financial Assets		
Trade receivables	167.33	99.71
Financial liabilities		
Trade payables	289.89	71.25
Loan from related parties	-	553.37
Net assets / (liabilities)	457.22	724.33

Foreign Currency Sensitivity

Sensitivity analysis is computed based on the changes in the income and expenses in foreign currency upon conversion into functional currency, due to exchange rate fluctuations between the previous reporting period and the current reporting period.

5% increase and decrease in foreign exchanges rates will have the following impact on profit/(loss) before tax

Particulars	2019-20		2018-19	
	5% Increase	5% decrease	5% Increase	5% decrease
USD Sensitivity	22.86	(22.86)	36.22	(36.22)
Increases/ (decrease) in profit or loss	22.86	(22.86)	36.22	(36.22)

b. Interest Rate Risk and Sensitivity

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any changes in the interest rates environment may impact future rates of borrowing. The Company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments, interest rate negotiations with the lenders for ensuring the cost effective method of financing.

USD Borrowings		
Interest Rate Increase by 0.25%	-	(1.38)
Interest Rate decrease by 0.25%	-	1.38

c. Commodity price risk and sensitivity

Commodity Price Risk is the risk that future cash flow of the Company will fluctuate on account of changes in market price of key raw materials. The Company is exposed to the movement in price of key raw materials in domestic and international markets.

ii. Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India. Credit risk arising from trade receivable is managed in accordance with the Established Policy etc, procedures and control relating to customer credit risk management. The deposits with banks constitute mostly the liquid investment of the Company and are generally not exposed to credit risk.

For trade receivables, as a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience

Notes to the Standalone Financial Statements (Contd.)

(All amounts in ₹ lakh, unless otherwise stated)

and adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix as at the end of the reporting period and expected credit loss for the year end against Trade receivables (Financial assets) as ascertained by the management and confirmed by the IBBI registered valuer are as follows:

Ageing	Expected credit loss (%)
Within the credit period	3.31
0-1 year	4.83
1-2 years	43.13
More than 2 years	100.00

Movement in expected credit loss allowance (net)

Particulars	Life time expected credit losses		12-months expected credit losses	
	31-Mar-20	31-Mar-19	31-Mar-20	31-Mar-19
Balance at the beginning	1,843.56	-	597.64	-
Provision Reduced during the year	1,741.18	-	-	-
Additional provision created during the year	2,601.25	1,843.56	53.00	597.6
Balance at the end	2,703.63	1,843.56	650.64	597.64

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis. In general it is presumed that credit risk has significantly increased since initial recognition if legal action needs to be initiated against such trade receivables.

iii. Liquidity risk

Liquidity risk refers to risk of financial distress or high financing cost arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and require financing. The Company's objective is to maintain at all times optimum levels of liquidity to meet its cash and collateral requirements. Processes and policies related to such risk are reviewed by senior management and management monitors the Company's net liquidity position through rolling forecast on the basis of expected cash flows.

50. Impairment Review

Assets are tested for impairment whenever there are any internal or external indicators of impairment. Impairment test for assets are monitored for internal management purposes, within the only operating segment i.e. Manufacture of paints. During the year the impairment testing did not result in any impairment in the carrying amount of assets, doubtful trade receivables as referred to in Note 47.

51. Segment information

The company operates mainly in one business segment i.e. Paints; accordingly sales & stock in trade represent paints & allied products.

52. Loan to related party (refer note 9) includes the balance consideration of ₹ 492 lakh (interest free) receivable by the Company in cash as per the order of Hon'ble High Courts of Calcutta and Delhi, for transfer of its Real Estate Division to the subsidiary Company, Shalimar Adhunik Nirman Limited.

53. Other receivable includes,

(i) Fire insurance claim receivable ₹ 387.10 lakh (net of ₹ 1099.73 lakh received in earlier years) related to Nasik plant. The policy is on Reinstatement basis. The above claim of receivables are accounted for on estimated basis pending final assessment by the insurer.

(ii) ₹ 352.46 (net of ₹ 1122.35 lakh received during the year) in respect to Howrah Plant insurance claim. The total claim receivable against the inventory and fixed assets was ₹ 1474.81 lakh but in final settlement Insurance Company paid an amount of ₹ 1122.35 lakh. Company is not in agreement with the settlement amount and has filed an arbitration petition, and the arbitration proceedings are under progress.

54. The Company has claimed ₹ 32.90 crore in respect of Nasik Plant Fire under Loss of Profit Policy, and the surveyor appointed by the insurer has assessed the claim vide their interim report at ₹ 22.14 crore (loss of production method)

Notes to the Standalone Financial Statements (Contd.)

(All amounts in ₹ lakh, unless otherwise stated)

& at ₹ 22.63 crore (Turnover method). Against the claim, the Company has received ₹ 14 crore (as interim payment) during the current financial year, and the same has been shown under the head Extraordinary items/ gain. The said claim has been accounted for, as a matter of prudence, on receipt basis.

55. Fixed assets and inventories, except the said damaged assets, have been verified & valued as per applicable accounting standards as well as existing accounting policies of the Company, with no material discrepancy.
56. Term Loan from financial institutions represent loan availed by Company for working capital for business needs.

Independent Auditors' Report

To The Members of Shalimar Paints Limited Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated Ind AS financial statements of **Shalimar Paints Limited** (“the Company”) and its subsidiaries- **Shalimar Adhunik Nirman Limited & Eastern Speciality Paints & Coating Private Limited** (collectively referred to as “**the Group**”), which comprise the Consolidated Balance Sheet as at 31st March, 2020, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and Notes to the consolidated Ind AS financial statements including a summary of the significant accounting policies and other explanatory information (herein after referred to as “the Consolidated Ind AS financial statements”).

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated Ind AS financial statements, the aforesaid Consolidated Ind AS financial statements give the information required by the Companies Act, 2013 (the ‘Act’) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India and the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read together with Companies (Indian Accounting Standards) Rules, 2015, of the consolidated state of affairs of the Group as at 31st March, 2020, and its consolidated loss, Consolidated total comprehensive income, its consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing as specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence, ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Emphasis of Matter

We draw your attention to note no 58 of consolidated financial statements which explains the management’s assessment/ evaluation of the financial impact due to lockdown arising with the advent of COVID 19.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor’s Response
1	<p>Evaluation of Trade receivables: The Company’s Trade receivables included material disputed receivables & receivables against which legal proceedings have been initiated or to be initiated by the Company. The Company has made provision for trade receivables (which are significantly disputed and which are subjected to legal proceedings) for ₹ 2601.25 Lakh under the head ‘Life Time Expected Credit Loss’, besides regular provisioning for expected credit loss of ₹ 53.00 Lakh under the head ‘12 months Expected Credit Loss’. [(Refer Note 47(ii) of the Consolidated Financial Statement)]</p>	<p>Principal Audit Procedures While reviewing the quality of trade receivables from realization perspective based on information & explanation made available to us, we also have relied upon the management representation with respect to fair valuation of trade receivable in accordance of applicable Ind AS which have been confirmed by the IBBI Registered Valuer recognized under Companies Act, 2013 (hereinafter referred to as ‘Registered Valuer’). Trade receivables which carried significant credit risk and /or credit impaired, as evaluated in terms of provisioning thereof, have been broadly reviewed by us, on selective basis. The provision for Life Time credit loss is 100% of receivables (disputed) whereas in the previous year, it was 40%. Our audit approach was a combination of test of internal controls with respect to Trade receivable management and substantive procedures. The Audit Committee of the Company has also reviewed and approved the provisioning of Trade receivables for fair value thereof.</p>

<p>2</p>	<p>Evaluation of Exceptional Expenses Company during the year has written off /provided for /paid substantial amount of ₹ 704.95 lakh in relation to transactions of earlier years. Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the annual report comprising Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, among others, but does not include the consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the financial position, consolidated financial performance, consolidated total comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with relevant rules issued thereunder.

The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are also responsible for overseeing the Group's financial reporting process.

Independent Auditors' Report (Contd.)

Auditor's responsibility for the audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing (SAs) will always detect material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (i) We did not audit the financial statements of subsidiaries of the Company (included in consolidated Ind AS financial statements), whose financial statements financial information reflect total assets of ₹ 2729.24 lakh as at 31 March 2020, and total revenues of ₹ 2.07 lakh, total net loss after tax of ₹ 30.84 lakh, total comprehensive loss of ₹ 30.84 lakh, and cash outflows (net) of ₹ 0.02 lakh for the year ended on that date, as considered in the consolidated Ind AS financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.
- (ii) As per information and explanation furnished to us, the insurance claims of loss for damage of immovable & movable assets and for Loss of profit due to fire in Company's plant located at Nasik, are yet to be assessed by the Insurer & claim have been accounted for on estimated/realization basis. The Company is in arbitration for additional claim on account of fire claim at Howrah Plant (Note 53 & 54 of consolidated financial statements).

- (iii) Some of the financial assets & liabilities including trade receivables, trade payables & advances are pending confirmation /reconciliation, and their impact on financial statements, if any, is unascertained.(Note 59 of Consolidated financial statements)
- (iv) As regard disclosure in Note 44 of consolidated financial statements regarding Micro, Small & Medium Enterprises, we have relied upon the information & explanation, to the extent made available to us by the management.

Our opinion on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable that:
- We/ the other auditors (whose report we have relied upon) have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
 - In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept by the Company so far as it appears from our examination of those books and reports of the other auditors.
 - The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.
 - In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act & Rules made thereunder.
 - On the basis of the written representations received from the directors of the Company as on 31st March, 2020 taken on record by the Board of Directors of the Company and its subsidiaries incorporated in India and the reports of the statutory auditors of said subsidiary companies, none of the directors of the Group Companies is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
 - With respect to the adequacy of the internal financial controls over financial reporting of the Company, and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditor's reports of the Company and its subsidiary companies. Our report & report of auditors of subsidiary companies, expresses an unmodified opinion on the adequacy and operating effectiveness of the Group's internal financial controls over financial reporting.
 - With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended:
In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors of subsidiary companies, the remuneration paid by the Company & its subsidiaries, as the case may be, to its/their directors during the year is in accordance with the provisions of section 197 of the Act.
 - With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - The Company and /or its subsidiaries have disclosed the impact of pending litigations on its financial position in its consolidated Ind AS financial statements.(Note 43 to the Consolidated Ind AS financial statements)
 - The Company & its subsidiaries did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiaries.

Independent Auditors' Report (Contd.)

Annexure-A' to the Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' Section of our report of even date to the Members of Shalimar Paints Limited)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Shalimar Paints Limited ("the Company") and its subsidiaries as of and for the year ended 31st March, 2020 in conjunction with our audit of the consolidated Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's & Its subsidiary companies managements, represented by their Board of directors, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company with reference to these consolidated Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on internal financial controls system over financial reporting with reference to these consolidated Ind AS financial statements.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these consolidated Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements, due to error or fraud, may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, incorporated in India, have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020,

Independent Auditors' Report (Contd.)

based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

The internal financial controls over financial reporting (IFCOFR) in so far as it relates to company's subsidiary companies, have been audited by other auditors whose reports have been furnished to us by the management; and our report on the adequacy and operating effectiveness of the IFCOFR for the Company, its subsidiary companies, under Section 143(3) (i) of the Act in so far as it relates to such subsidiary companies is based solely on the reports of the auditors of such companies. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditors.

Notes to the Consolidated Financial Statements for the year ended March 31, 2020

1 Overview

Shalimar Paints Limited (“the Company” or “the Parent Company”) is a public limited company domiciled in India. The registered office of the Company is located at Stainless Centre, 4th floor, Plot no 50, Sector 32, Gurugram, 122001, Haryana. The shares of the Company are listed on National Stock Exchange and Bombay Stock Exchange.

The Company is engaged in the business of manufacturing, selling and distribution of paints, coatings and providing related services. The Company has pan-India presence through its marketing offices in all major states in India.

2 Basis of preparation of consolidated financial statements

The consolidated financial statements comprises the financials statements of Shalimar Paints Limited (the Company or Parent Company) and its subsidiaries Shalimar Adhunik Nirman Limited and Eastern Speciality Paints & Coating Private Limited (hereinafter collectively referred to as “Shalimar Group”).

These consolidated financial statements have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards (‘Ind AS’) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 (‘the Act’) and other relevant provisions of the Act to the extent applicable. The accounting policies have been applied consistently over all the periods presented in these financial statements.

The consolidated financial statements provide comparative information in respect of previous year.

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company i.e. its subsidiaries. Control is achieved when the Company is exposed to, or has rights to the variable returns of the entity and the ability to affect those returns through its power over the entity. Significant influence, is achieved when the Company has power to participate in the financial and operating policy decisions of the investee, but is not in control or joint control over those policies. The Accounting Policies of the parent company and its subsidiaries are largely similar. The Financial Statements of parent Company and its subsidiaries have been consolidated on line-by-line basis by adding together book value of like items of assets, liabilities, income and expenses after eliminating Intra-group transactions, balances, income and expenses in accordance with Ind AS 110 “Consolidated Financial Statement”. Figures pertaining to the subsidiary companies have been reclassified wherever necessary to bring them in line with Parent company’s financial statements.

3 Key Accounting Judgements, Estimates & Assumptions:

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of income, expenses, assets and liabilities, and the accompanying disclosures at the date of the financial statements. The judgments, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision effects only that period or in the period of the revision and future periods if the revision affects both current and future years.

Income Tax

Management judgement is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The company reviews at each balance sheet date the carrying amount of deferred tax assets/ liabilities. The factors used in the estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the consolidated financial statements.

Defined Benefit Obligation

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Contingencies

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/ claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

Property, plant and equipment

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset’s expected useful life and the expected residual value at the end of its life. The residual values of Company’s assets are determined by the management at the time the asset is acquired and reviewed periodically.

Notes to Consolidated Financial Statements (Contd.)

4 Significant Accounting Policies

4.1) Basis of measurement

The financial statements have been prepared under the historical cost convention on the accrual basis, except for the following assets and liabilities which have been measured at fair value:

- Property, Plant & Equipment ;
- Financial assets and liabilities except certain investments, Loans and borrowings carried at amortised cost;
- Defined benefit plans - plan assets measured at fair value;
- Share based payments

The financial statements are presented in Indian Rupees which is the Company's functional and presentation currency and all amounts are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

4.2) Property, plant and equipment

i) Recognition and measurement

An asset is recognised as property, plant and equipment when it qualifies the recognition criteria as specified in Ind AS 16. Following initial recognition, items of Property, Plant and Equipment are carried at its cost, net of available duty/tax credits, less accumulated depreciation and accumulated impairment losses, if any. Costs include costs of acquisitions or constructions including incidental expenses thereto, borrowing costs, and other attributable costs of bringing the asset to its working condition for its intended use.

Subsequent expenditure relating to Property, Plant and Equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Costs in nature of minor repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred.

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from discard/sale of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is discarded / sold.

Capital work-in-progress includes cost of property, plant and equipment under installation/under development, other expenditure (including trial run / test run expenditures) during construction / erection period (net of income) pending allocation/capitalization as at the balance sheet date.

ii) Depreciation

Depreciation on property, plant and equipment is provided on straight line method in the manner specified in Schedule II of the Companies Act, 2013 and in respect of assets added/disposed off during the year on pro-rata basis with reference to the date of its use / disposal/residual value:

Depreciation is charged on fair valued amount less estimated salvage value. Leasehold land is amortized on a straight line basis over the remaining period of lease.

The useful lives, residual values of each part of an item of property, plant and equipment and the depreciation methods are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

4.3) Intangible assets

i) Recognition & measurement :

Intangible assets are recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and cost of assets can be measured reliably. Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any.

Amortization:

Intangible Assets with finite lives are amortized over the estimated useful economic life on straight line method. The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss. The estimated useful life of intangible assets as per management is mentioned below:

Computer Software	6 years
Trade mark	10 years
Technical know how	10 years

The amortization period and the amortization method for an intangible asset with finite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

ii) Derecognition:

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss when the asset is derecognized.

Notes to Consolidated Financial Statements (Contd.)

4.4) Impairment

The carrying amount of Property, Plant & Equipment, Intangible assets and cash generating assets are reviewed at each Balance Sheet date to assess impairment, if any, based on internal / external factors. If recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. An impairment loss is recognized as an expense in the Statement of Profit & Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed, if there has been an improvement in recoverable amount.

4.5) Lease Accounting

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that is not explicitly specified in an arrangement.

4.6) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) Initial recognition

The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added/deducted respectively to the fair value on initial recognition. Trade receivables and trade payables that do not contain a significant financing component are initially measured at their transaction price.

ii) Subsequent measurement

(i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognised or impaired, the gain or loss is recognised in the statement of profit and loss.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income (OCI) if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are recognised in OCI except the recognition of impairment gains or losses, interest revenue calculated using the Effective Interest Rate (EIR) method and foreign exchange gains and losses which are recognised in profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from the equity to Statement of Profit and Loss.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in the Statement of Profit and Loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest rate method. Financial liabilities at fair value through profit and loss (FVTPL) includes financial liability held for trading and financial liability designated upon initial recognition as at fair value through profit and loss.

(v) Investment in subsidiaries

Investment in subsidiaries is carried at cost less impairment, if any, in the separate financial statements.

iii) Impairment of financial assets

Financial assets, other than debt instruments measured at FVTPL and Equity instruments are assessed for indicators of impairment at the end of each reporting period. The Company recognises a loss allowance for expected credit losses on all financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

Notes to Consolidated Financial Statements (Contd.)

iv) Derecognition

Financial Assets

The company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

Financial liabilities

The company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expires.

v) Reclassification of Financial Assets and Financial Liabilities

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

vi) Derivative financial instruments

Derivative instruments such as forward currency contracts are used to hedge foreign currency risks, and are initially recognized at their fair values on the date on which a derivative contract is entered into and are subsequently re-measured at fair value on each reporting date. A hedge of foreign currency risk of a firm commitment is accounted for as a fair value hedge. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss.

vii) Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

4.7) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy in which they fall.

4.8) Inventory

Inventory are valued at lower of cost, computed on weighted average basis, or net realizable value. Cost of inventories includes in case of raw material, cost of purchase including taxes and duties net of tax credits/GST and incidental expenses; in case of work-in-progress, estimated direct cost including taxes and duties net of tax credits/GST and appropriate proportion of administrative and other overheads; in case of finished goods, estimated direct cost including taxes and duties net of tax credits/GST and appropriate administrative and other overheads including other cost incurred in bringing the inventories to the present location and conditions; and in case of traded goods, cost of purchase and other costs incurred in bringing the inventories to the present location and conditions.

The obsolete/damaged items of inventories are valued at estimated realisable value.

4.9) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects, when appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an outflow of resources embodying economic benefits is remote or the amount cannot be estimated reliably. Contingent liabilities are not recognised but are disclosed in notes. Contingent assets are not recognized but disclosed in the financial statements when an inflow of economic benefits is probable.

Notes to Consolidated Financial Statements (Contd.)

4.10) Revenue Recognition

Revenue is recognized when it is probable that economic benefits associated with a transaction flows to the Company in the ordinary course of its activities and the amount of revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and rebates granted by the Company.

Revenue includes only the gross inflows of economic benefits, received and receivable by the Company, on its own account. Amounts collected on behalf of third parties (for example, indirect taxes) are excluded from revenue.

4.11) Other Income

Interest Income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable effective interest rate. Interest income is included in other income in the statement of profit and loss.

Dividends

Dividend income is recognised when the Company's right to receive dividend is established, and is included in other income in the statement of profit and loss.

4.12) Employee Benefits

i) Short term employee benefits are recognized as an expense in the Statement of Profit and Loss of the year in which the related services are rendered. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

ii) The Company makes regular contribution to provident funds which are administered by Government and are independent of Company's finance. The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period.

iii) The Company is maintaining Defined Benefit Plan for its Gratuity Scheme. The gratuity fund is administered by the Trustees.

For Schemes where recognized funds have been set up, annual contributions are made as determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. Remeasurements comprising actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged / credited to Other Comprehensive Income in period in which they arise. The Company recognizes in the Statement of Profit & Loss gains or losses on curtailment or settlement of a defined benefit plan as and when the curtailment or settlement occurs.

iv) Provision is made for leave encashment benefit payable to employees on the basis of independent actuarial valuation, at the end of each year and charge is recognized in the Statement of Profit and Loss.

4.13) Foreign Exchange Transactions

Initial Recognition:

On initial recognition, transactions in foreign currencies entered into by the Company are initially recorded in the functional currency (i.e. Indian Rupees) at rates prevailing at the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss.

Measurement of foreign currency items at reporting date:

Foreign currency monetary items of the Company are translated at the closing exchange rates and the resulting exchange difference recognised in statement of profit & loss. Non-monetary items that are measured at historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is measured. Exchange component of the gain or loss arising on fair valuation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to such exchange difference.

4.14) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds.

Borrowing costs attributable to acquisition or construction of qualifying asset that necessarily takes a substantial period of time to get ready for their intended use is worked out on the basis of attributable of funds out of project specific loans and/or other borrowings to the extent identifiable with the qualifying asset and is capitalized with the cost of qualifying asset, using the effective interest method. Other borrowing costs are recognised as an expense in the period in which they are incurred.

4.15) Taxes on Income

Tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in Other Comprehensive Income

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred tax is provided on temporary difference arising between the tax bases of assets & liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is measured using the tax rate that are expected to apply in the year when the asset is realized or the liability is settled based on the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax asset is recognized to the extent that it is probable that sufficient future taxable profit will be available against which the deductible temporary differences and the carry forward unused tax credits and unused tax losses can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Minimum Alternate tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.

4.16) **Segment Reporting**

The company operates mainly in one business segment i.e. Paints; accordingly sales & stock in trade represent paints & allied products.

4.17) **Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand, bank balance, short-term deposits with original maturities of three months or less and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

4.18) **Lease**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low- value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(i) Right-of-use Assets (ROU Assets)

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

(ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

4.19) **Share-based payment transactions**

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity settled share-based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

4.20) **Earnings per share**

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

XI	Description of Risk Exposures:					
	Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus, the company is exposed to various risks as follow -					
	A) Salary Escalation Risk- The present value of the defined benefit plans calculated with the assumptions of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determined the present value of obligation will have a bearing on the plan's liability.					
	B) Interest Rate Risk – The Plan expose the company to the risk of fall in interest rates. A fall in interest rate will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.					
	C) Liquidity Risk : This is the risk that the company is not able to meet the short term benefit payout. This may arise due to non availability of enough cash/ cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.					
	D) Demographic Risk – The company has used certain mortality and attrition assumptions in valuation of the liability. The company is exposed to the risk of actual experience turing out to be worse compared to the assumptions.					
XII	The major catagories of plan assets for gratuity as a percentage of the fair value of total plan assets are as follows:

1. The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

2. The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values, since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

3. Financial assets & liabilities under fair value hierarchy (Level 1 & 2) - Nil.

Fair value hierarchy

Level 1 - Quoted prices/NAV (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

47. FINANCIAL RISK MANAGEMENT - OBJECTIVES AND POLICIES

The Company's financial liabilities comprise mainly of borrowings, trade payables and other payables. The Company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables. The Company is exposed to Market risk, Credit risk and Liquidity risk. The Company realizes that risks are inherent and integral aspect of any business. The primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign exchange risk & interest rate risk. The Company calculates and compares the alternative sources of funding by including cost of currency cover also.

The following disclosures summarize the Company's exposure to financial risks. Quantitative sensitivity analyses have also been provided to reflect the impact of reasonably possible changes in market rates on the financial results, cash flows and financial position of the Company.

i. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of fluctuation in market prices. These comprise three types of risk i.e. currency rate risk, interest rate risk and other price related risks. Financial instruments affected by market risk include loans and borrowings, deposits, investments, and derivative financial instruments.

Notes to Consolidated Financial Statements (Contd.)

(All amounts in ₹ lakh, unless otherwise stated)

a) Foreign Currency Risk and sensitivity

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign exchange risk sensitivity analysis has been performed on the foreign currency exposures in the Company's financials assets and financials liabilities at the reporting date i.e. 31st March 2020, net of related foreign exchange contracts.

The carrying amounts of the Company's foreign currency denominated monetary items (Unhedge) are as follows:

Particulars	As at 31 st March, 2020	As at 31 st March, 2019
Financial Assets		
Trade receivables	167.33	99.71
Financial liabilities		
Trade payables	289.89	71.25
Loan from related parties	-	553.37
Net assets / (liabilities)	457.22	724.33

Foreign Currency Sensitivity

Sensitivity analysis is computed based on the changes in the income and expenses in foreign currency upon conversion into functional currency, due to exchange rate fluctuations between the previous reporting period and the current reporting period.

5% increase and decrease in foreign exchanges rates will have the following impact on profit/(loss) before tax

Particulars	2019-20		2018-19	
	5% Increase	5% decrease	5% Increase	5% decrease
USD Sensitivity	22.86	(22.86)	36.22	(36.22)
Increases/ (decrease) in profit or loss	22.86	(22.86)	36.22	(36.22)

b. Interest Rate Risk and Sensitivity

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any changes in the interest rates environment may impact future rates of borrowing. The Company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments, interest rate negotiations with the lenders for ensuring the cost effective method of financing.

Interest Rate decrease by 0.25%	-	1.38

Notes to Consolidated Financial Statements (Contd.)

(All amounts in ₹ lakh, unless otherwise stated)

c. Commodity price risk and sensitivity

Commodity Price Risk is the risk that future cash flow of the Company will fluctuate on account of changes in market price of key raw materials. The Company is exposed to the movement in price of key raw materials in domestic and international markets.

ii. Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India. Credit risk arising from trade receivable is managed in accordance with the Established Policy etc, procedures and control relating to customer credit risk management. The deposits with banks constitute mostly the liquid investment of the Company and are generally not exposed to credit risk.

For trade receivables, as a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix as at the end of the reporting period and expected credit loss for the year end against Trade receivables (Financial assets) as ascertained by the management and confirmed by the IBBI registered valuer are as follows:

Ageing	Expected credit loss (%)
Within the credit period	3.31
0-1 year	4.83
1-2 years	43.13
More than 2 years	100.00

Movement in expected credit loss allowance (net)

Particulars	Life time expected credit losses		12-months expected credit losses	
	31-Mar-20	31-Mar-19	31-Mar-20	31-Mar-19
Balance at the beginning	1,843.56	-	597.64	-
Provision Reduced during the year	1,741.18	-	-	-
Additional provision created during the year	2,601.25	1,843.56	53.00	597.6
Balance at the end	2,703.63	1,843.56	650.64	597.64

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis. In general it is presumed that credit risk has significantly increased since initial recognition if legal action needs to be initiated against such trade receivables.

iii. Liquidity risk

Liquidity risk refers to risk of financial distress or high financing cost arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and require financing. The Company's objective is to maintain at all times optimum levels of liquidity to meet its cash and collateral requirements. Processes and policies related to such risk are reviewed by senior management and management monitors the Company's net liquidity position through rolling forecast on the basis of expected cash flows.

50 Impairment Review

Assets are tested for impairment whenever there are any internal or external indicators of impairment. Impairment test for assets are monitored for internal management purposes, within the only operating segment i.e. Manufacture of paints. During the year the impairment testing did not result in any impairment in the carrying amount of assets, doubtful trade receivables as referred to in Note 47.

51 Segment information

The company operates mainly in one business segment i.e. Paints; accordingly sales & stock in trade represent paints & allied products.

52 Loan to related party (refer note 9) includes the balance consideration of ₹ 492 lakh (interest free) receivable by the Company in cash as per the order of Hon'ble High Courts of Calcutta and Delhi, for transfer of its Real Estate Division to the subsidiary Company, Shalimar Adhunik Nirman Limited.

Notes to Consolidated Financial Statements (Contd.)

(All amounts in ₹ lakh, unless otherwise stated)

- 53 Other receivable includes,
- (i) Fire insurance claim receivable ₹ 387.10 lakh (net of ₹ 1099.73 lakh received in earlier years) related to Nasik plant. The policy is on Reinstatement basis. The above claim of receivables are accounted for on estimated basis pending final assessment by the insurer.
 - (ii) ₹ 352.46 (net of ₹ 1122.35 lakh received during the year) in respect to Howrah Plant insurance claim. The total claim receivable against the inventory and fixed assets was ₹ 1474.81 lakh but in final settlement Insurance Company paid an amount of ₹ 1122.35 lakh. Company is not in agreement with the settlement amount and has filed an arbitration petition, and the arbitration proceedings are under progress.
- 54 The Company has claimed ₹ 32.90 crore in respect of Nasik Plant Fire under Loss of Profit Policy, and the surveyor appointed by the insurer has assessed the claim vide their interim report at ₹ 22.14 crore (loss of production method) & at ₹ 22.63 crore (Turnover method). Against the claim, the Company has received ₹ 14 crore (as interim payment) during the current financial year, and the same has been shown under the head Extraordinary items/ gain. The said claim has been accounted for, as a matter of prudence, on receipt basis.
- 55 Fixed assets and inventories, except the said damaged assets, have been verified & valued as per applicable accounting standards as well as existing accounting policies of the Company, with no material discrepancy.
- 56 Term Loan from financial institutions represent loan availed by Company for working capital for business needs.
- 57 The Division Bench of Hon'ble High Court of Calcutta passed an order on 07/05/2009 requiring the Company to give immovable property to the extent of ₹ 4.5 Crores as a security in favour of Tara Properties (the landlord of property at 13, Camac Street, Kolkata). The Company has given portion of the land at Goaberia as a security.
- 58 Due to outbreak of pandemic COVID 19 globally and in India, the operations of the Company, were impacted, due to shutdown of all its plants and offices/depots following nationwide lockdown by the Government of India. The Company has resumed operations in a phased manner as per directives from the Government of India. The Company has evaluated impact of this pandemic on its business operations and financial position and based on its review of current indicators of future economic conditions, there is no significant impact on its financial statements as at 31st March 2020. The management does not see any medium and long term risks in the Company's ability to continue as going concern and meeting its liabilities as and when they fall due. However, the impact assessment of COVID-19 is a continuing process given the uncertainties associated with its nature and duration, and accordingly the impact may be different from that estimated as at the date of approval of these financial statements.
- 59 Some of the Financials assets & liabilities including trade receivables, trade payables and advances, are pending for confirmation/ reconciliation, and impact of the same on financial statements, if any, is unascertained.
- 60 Previous year figures have been regrouped/rearranged/recast, whatever considered necessary to confirm to current year's classification.
