- RCA and FMEA for most impacted factors.
- Kaizen charters for AM, PM, QM, KK pillars

Courses

Coating Inspector CIP Level-1, NACE (Qualified)

May 2012

Projects Execution Summary

November 2009 - December 2024

Northern Fuel Expansion Project (NFXP)

Coating Type- DFBE coating

Client-QATAR ENERGY

NORTH FIELD PRODUCTION SUSTAINABILITY (NFPS) PROJECT - OFFSHORE

Coating Type- DFBE coating

Client-QATAR ENERGY

ADNOC- Takreer Project (Total 16 Reactors)- Protective Coatings

Painting System for Shell:- 2 Coat Co Polymer CUI Paint Total 250 microns DFT

Painting System for Skirt:- Moisture Curing Zinc Ethyle Silicate- 75 Microns and Polyamide Cured Epoxy MIO- 125 microns

Integrated Aviation Fuel Farm and Hydrant FACILITY AT CSIA, Mumbai

Coating Type- 3LPE and Internal Coating

Client-MAFFFL
