(c) The Auditors in their Auditor's Review Report on Consolidated Unaudited Quarterly Financial Results have brought out as below: Sinnar Thermal Power Limited (STPL), a wholly-owned subsidiary company, is yet to commence operations and has incurred a net loss amounting to Rs. 905.71 crores during the quarter ended 30 June 2021. Further, STPL's accumulated losses as at 30 June 2021 amounted to Rs. 8,082.13 crores and its current liabilities exceed its current assets by Rs. 8,580,99 crores as of that date. STPL has also defaulted in repayment of borrowings from banks, including interest, aggregating to Rs. 7.454.61 crores up till 30 June 2021. These conditions along with other matters including termination of Letter of Intent ("LOI") by Maharashtra State Electricity Distribution Co. Ltd (MSEDCL) in respect of LOI earlier issued by MSEDCL to enter into a power purchase agreement with STPL and withdrawal of the petition filed before Maharashtra Electricity Regulatory Commission (MERC) by STPL, as set forth in such note, indicate the existence of material uncertainty that may cast significant doubt about the STPL's ability to continue as a going concern. The management is of the view that going concern basis of accounting for STPL is appropriate owing to the mitigating factors mentioned in the aforesaid note and that no adjustments are necessary to the carrying value of the assets, including property plant and equipment of STPL aggregating to Rs. 7,902.66 crores as at 30 June 2021.

However, In the absence of sufficient evidence for the aforesaid assessment performed by the management including the uncertainty over the outcome of ongoing discussion with the lenders for securing firm and unconditional commitment for providing working capital loans / bank guarantee required for executing the PPA, we are unable to obtain sufficient appropriate evidence to comment on the appropriateness of going concern assessment of STPL by the management or adjustments, if any, that may further be required to be made to the carrying value of the assets, including property plant and equipment of STPL as at 30 June 2021 and the consequential impact thereof on the accompanying consolidated financial results. (d) The Auditors in their Auditor's Review Report on Standalone Unaudited Quarterly Financial Results have brought out as below:

The Company has a non-current investment of Rs. 1,211.82 crores (net of impairment of Rs. 1,814.40 crores) and inter corporate deposits (classified under current assets) of Rs. 26.05 crores recoverable from Sinnar Thermal Power Limited (formerly RattanIndia Nasik Power Limited) (STPL), a wholly owned subsidiary of the Company, as at 30 June 2021. The subsidiary company has incurred losses since its inception and is yet to commence operations. The accumulated losses in the subsidiary company amount to Rs. 8,082.13 crores as at 30 June 2021, and the management of the subsidiary company has determined that a material uncertainty exists as at 30 June 2021, that may cast significant doubt about the subsidiary company's ability to continue as a going concern. The management of the Company, based on an internal estimate, has recorded an impairment of Rs. 1,814.40 crores against carrying value of investment in STPL in earlier years. In the absence of adequate and appropriate evidence for such impairment assessment performed by the management and to support the appropriateness of the going concern assumption, we are unable to obtain sufficient appropriate audit evidence to comment on adjustments, if any, that may further be required to be made to the carrying value of the above mentioned non-current investment of Rs. 1,211.82 crores and inter corporate deposits of Rs. 26.05 crores as at 30 June 2021 and the consequential impact thereof on the accompanying Statements. Our audit report and review report for the quarter and year ended 31 March 2021 and 30 June 2020 were also qualified in respect of this matter.
