## Job objective

Assignments in Production, QC / R&D with a high growth-oriented organization to help me explore and realize my potential in a challenging, creative & supportive environment, preferably in paints industry.

## Professional profile

- 10.9 years' technical experience of PRODUCTION, Production Planning & control, IPQC & QC in Paint & Coating world as well as in chemical and API manufacturing unit.
- Presently working as, an Ass. Manager - Production in GMM COATINGS PVT. LTD, Ahmedabad.
- Proficient in manufacturing operations viz., planning & achievement of production targets, shift & resource management, and maintenance of production equipment.
- BE Chemical Engineer from Gujarat Technological University (GTU), Ahmedabad.

## Areas of expertise

- Handling Production team for all Production related activities. Of various kind of product in W/B Nonstick Coatings, S/B Nonstick Coatings, Poly Urethane Coatings, Hammer Finish, Epoxy Base Coatings, UV Coating and other paint for electronics segments and wood coatings also.
- Excellent knowledge of Quality Control Parameter also of relevant Products.
- Ability to Developing new products of Epoxy Base as well as Pu Base Systems with Solvent Base as well as Water base.
- Provide technical support to production team.
- Production planning & control based on the market requirements.
- ISO 9001-2018 & 14001 implementation
- Shade Matching.
- Gemba Walk, Kaizen, 5S, Poka-Yoke.
- Manpower handling.
- Resource planning & management.
- Production Batch Ticket Entry in SAP system.

## Career highlights

- **I Have total 10.9 years of Experience in Paints & Coatings World.**

1. Presently working At **GMM COATINGS PVT LTD.**—Resonac Group Japan. Since 04<sup>th</sup> July 2019 to Till date as a “Ass. Manager - Production”.

This Organization mainly deal with various kind of Non-Stick Coating Materials, Various kind of Industrial Coating Materials and various kind of Specialist Coatings materials like UV Curable coatings. This Organization is Manufacturer, Importers, Supplier, and exporters of an extensive range of optimum quality Coating Materials like as above types.

- I was handling the whole production unit with 32 – 35 worker team along with 4 supervisors, 1 officer team. And reporting to my Production Manager.
- Mainly I look after design the production planning everyday as per the processing machine availability. And work with the processing planning and control to achieve maximum output with good to best quality materials.
- I also handle the documentation process of all Production related activities. And maintain all the necessary records of production unit like production planning records, Batch Cards, IPQC as well as FGQC records related to production process.
- I also look after the pilot batch production for new product in production unit. And checked all the quality and application parameters as per requirement specifications.
- Good Knowledge of testing instruments which available in our laboratory for testing purpose.
- I also look after the ISO related process as well documentation and also maintain all the records. And take part in ISO Audit.

2. At **Grand Polycot Co. Pvt Ltd.** – **Padra, Vadodara.** Since 10<sup>th</sup> October 2018 to 10<sup>th</sup> June 2019 as “Production Executive”

The Organization mainly supplying, High Performance Poly Urethanes and Epoxy based Industrial paints to Automotive Industries and many other industries in Indian markets.

The Organization also manufacturing different types of Hardeners for High Performance Poly Urethanes Coatings.

Now a day this organization Developing PU water based, Epoxy water base paints for different kind of Indian ecofriendly markets.

3. At **Esdee Paints Ltd.** – **Changodar, Moraiya** Since 10<sup>th</sup> July 2015 to 08<sup>th</sup> October 2018 as “Production Chemist”.

The Organization mainly manufacturing and supplying Poly Urethanes Paints, Oil Paints, Putties, Epoxy Coatings, High Performance Coatings, Glass Coatings, and Various kind of Wood Coatings in Indian markets.

4. At **Chemclone Industries.** – **Vatva GIDC,** since 2<sup>nd</sup> June 2014 to 21<sup>st</sup> June 2015 as “Chemical Engineer”.

The organization is mainly India’s largest manufacturer of BROMIDE derivatives, specialty Chemicals, Quaternary ammonium salts, Quaternary phosphonium salts, API & API intermediates.

**During my professional career by far I have handled various functions of the industries like,**

1. Production planning, Raw Materials planning, implementation, and deployment of the available resources to achieve the targets.
2. Handling of preventive and break down maintenance.
3. Capacity calculation of the plant and developing projections for proposed requirements.
4. Handling of Plant capacity enhancement and automation projects.
5. Operating as coordinator at the inter phase of various inter departmental interactions
6. Maintaining the defined stock levels of the finish goods and Raw Materials.
7. Implementation and maintenance of ISO 9001-2018. & ISO-14001 Implementation. Planning for internal audits and facing surveillance audits.
8. Handling of Operations and Production for above mentioned paints and coatings.
9. Trouble shooting on shop floor.
10. Cost control and machine optimization.

### **Achievements**

- Overall processing losses reduced by 10% during production stage.
- Overall increasing the production by 5% during production stage.
- Solely completing the External ISO 9001-2018 Audit with no NC and Observations.

### **Computer skills**

- Well conversant with various computer software such as – MS-Office, Tally, ERP and SAP. And Operating systems like Windows with various versions.

### **Professional qualification**

- Bachelor of Engineering (BE) in CHEMICAL Engineering from Gujarat Technological University (GTU), Ahmedabad in 2014.
- 12<sup>th</sup> Science from Gujarat Board, Ahmedabad in 2010.

### **Personal details**

DOB: 24<sup>th</sup> June 1993

Add: 99, Patrawali Chawl, Near New Cotton,  
A.E.C road, Amraiwadi, Ahmedabad–380026.
