CAREER OVERVIEW

I am Highly motivated and skilled Fresher in Computer Science and engineering and worked using Artificial intelligency and Data Science. I am Proficient in various programming languages including C++ and Python, with experience in developing websites and mobile applications. I have worked individually and also with Collaborative team projects with a proven track record of delivering high-quality work and achieving exceptional results.

EDUCATION

2024
- Btech in Computer Science And Engineering.
- 7.7 CGPA
- University : DBATU ,Raigad

2021
- Diploma in Mechanical Engineering.
- 7.5 CGPA
- University : MSBTE ,Mumbai.

2013
- 10th (SSC Board)
- 64 percentile
- Board :Maharashtra State Board.

CERTIFICATION

1. Python by kiran Academy, Karvenagar ,pune
2. Cloud computing by IIT KHARAGPUR
3. Data Science by NIT HARIMPUR
4. Data Science by unified mentor
5. Neural network by DEVTOWN
6. Python by IBASE

LANGUAGES

English   - Advanced level

Hindi   - Advanced level

Marathi   - Intermediate level

PROJECT

1.Mouse using Artificial Intelligence
- I made an project in Advancement of Hardware mouse which works on hand gesture.

2.Hotel Room Reservation Website
- I have worked on my own hotel website so that the consumers can book Rooms using XAMPP

3.Report Making in Data Science
- Report ,Graph and Pie charts making in data science for Csv files using Anaconda and Jupyter Notebook.

EXPERIENCE

1.Data Science Internship
- By Unified Mentor for 2 months

2. Data Science training and internship
- By Internselite for 4 months

3.Digital Marketing Internship
- BY learnex Academy for 2 months

4.As Brand Ambassidor at NGO
- BY TARE JAMEEN PAR NGO for 1 months

SKILLS
- Basic computer skills like MS- WORD and EXCEL
- Organizational skills
- Strategic planning and scheduling skills
- Time-management skills
- Verbal and written communication skills
