SKILLS

- SQL Server, T-SQL
- Python (NumPy, Pandas, Matplotlib, Seaborn, Plotly)
- PowerBI, MSBI (SSIS, SSAS, SSRS)
- Excel, Advance Excel (Pivot Table, PowerPivot Tool, VLookup, HLookup, What If Tool, Macros etc.)
- Data Warehouse

Project

- **1 – Bank Operation Analysis - SQL & T-SQL Project**
<https://github.com/sumannndass/Bank-Operations-Analysis-SQL-T-SQL>
(End to end ERD modelling, database creation, data loading, data cleaning, data visualization and reporting project on banking operations.)
- **2 – Stack Overflow Annual Developer Survey 2024 Python Project**
<https://github.com/sumannndass/Stack Overflow Annual Developer Survey 2024 Python Project>
(Exploratory Data Analysis of the Stack Overflow Annual Developer Survey 2024 using Python modules)
- **3 – Retail-Orders-Python-SQL-Project**
<https://github.com/sumannndass/Retail-Orders-Python-SQL-Project>
(The main objectives of this project are to use the Kaggle API to retrieve retail order data, execute pandas data transformation in Python, and use SQL Server for data analysis.)
- **4 – HR-Dashboard-SQLServer-PowerBI-Project**
<https://github.com/sumannndass/HR-Dashboard-SQLServer-PowerBI-Project>
(The dataset was prepared, searched, and visualized using PowerBI and SQL Server. This project is mostly focused on data cleansing and analysis using SQL Server guidance.)
- **5 – Credit Card Transactions MSBI**
<https://github.com/sumannndass/Credit Card Transactions MSBI>
(The dataset simulated credit card transactions, analyzed using SSIS, Stage server, OLAP/DWH server, and SSAS, includes both legitimate and fraudulent transactions, ensuring stakeholders have timely information.)
- **6 – Bank-Data-MSBI-Project**
<https://github.com/sumannndass/Bank-Data-MSBI-Project>
(Daily bank operation project involves loading data from 'bank', 'product_doc', and 'branch_staff_doc' files into 'bank_stage' database and performing ETL operation.)

Work Experience

- **Quality Associate | SNE Business India Pvt Ltd, CFA of Pharma Companies (Nov '2020 - Present)**
 - To ensure Inventory Accuracy follow GSP (Good Storage Practice) as per SOP
