Hyderabad, India

## SUMMARY

Driven Quality Control Chemist with expertise in chemical analysis, formulation, and testing. Passionate about quality control and product development, seeking to contribute to a dynamic manufacturing environment. Collaborative team player with a proven track record of working effectively with production and cross-functional teams.

## EXPERIENCE

### Quality Control Chemist

#### Asian Paints

01/2023 - Present    Hyderabad, India

- Conduct quality control tests on raw materials, in-process samples, and finished products to ensure compliance with company standards while monitoring daily batch status and adherence to 5S practices.
- Analyze batch cards and collaborate with production teams to uphold ISO compliance, implementing corrective actions as needed.
- Manage weekly, monthly, and ad hoc activities, including planning, customer complaint analysis, conducting audits, and ensuring availability of master samples and shade panels.
- Review customer feedback to identify areas for improvement, lead initiatives to reduce product variability, and ensure consistent delivery of high-quality products across all lines.

### Quality control and Quality assurance engineer

#### Ons holkar Pvt Ltd, Noida

04/2021 - 12/2022    Noida, India

- Conducted physical and chemical testing of pipe conduits while maintaining QC/QA standards and ensuring ISO 9001:2015 compliance.
- Managed testing of incoming materials and work in progress, implemented 5S practices, and handled testing equipment effectively.
- Produced technical documentation and improved product quality through rigorous testing procedures and identification of optimization areas.

### Testing engineer

#### Widmans Lab. Pvt. Ltd.

06/2020 - 03/2021    Manesar, Gurugram, India

- Conducted mechanical and chemical testing of polymer materials, prepared working instructions and SOPs, and managed ILC and PT sample testing, along with NABL documentation and participation in the NABL assessment in 2020.
- Championed test-driven development practices by advocating for the early involvement of testers in the development process to improve product quality and reliability.

## LANGUAGES

English  
Proficient

## EDUCATION

### Master of Ploymer Science & Technology

#### Aligarh Muslim University

2019    Aligarh, India

### Bachelor's in Chemistry

#### Kurukshetra University

2017    Kurukshetra, India

## STRENGTHS

#### Teamwork

Collaborated with production and cross-functional teams to ensure compliance and improve product quality.

#### Communication

Skilled in clearly conveying complex information, both verbally and in writing, to foster collaboration and understanding among cross-functional teams.

#### Detail Oriented

Careful analysis of product features to identify any deviations from quality standards.

## SKILLS

GLP    SAP    MS-Word    MS-Excel

Safety Protocols    Team Leadership

FTIR    ICP-OES    GCMS    TGA

DSC    HPLC

## CERTIFICATION

#### Rubber Techonologist

Indian Rubber Manufacturers Research Association (IRMRA), Mumbai from 2019 to 2020
